- Labor and Employment
- Intellectual Property
- Real Estate
- Tax and Estate Planning

Each of our 150 attorneys is committed to providing the best possible solutions with sensitivity to cost, to the firm's clients. That commitment has engendered ongoing client loyalty for six decades.

We support an array of industries—among them, apparel, banking, entertainment, finance, health care, intellectual property, litigation, real estate and tax—in regional, national and international markets.

Our founding principle—providing our clients with the best business solutions—continues to lead us. We value each client relationship, recognizing that their success is our success.

Our overarching goal—getting the best results for the client in a timely manner with sensitivity to cost—has engendered client loyalty, and the firm has grown from that loyalty.

Our clients trust us as advisers and business partners because we are involved in their world. Our lawyers are accessible, resourceful, skillful and adept at responding to change. Our technological capabilities keep case law and rule changes at our fingertips and client communications current, enabling us to create efficient, superior outcomes.

We strongly believe that technology is a tool that furthers the practice of law and have used that belief to develop a cutting edge platform for our firm. We use a meshed (NVPN) network to facilitate work among offices, Cisco VoIP telephony and Video-over-IP conferencing.

Sharing documents is seamless through FileSite, which is also utilized to create our Client Extranets. To support our litigation matters, we use Concordance and Opticon, as well as LiveNote and Sanction. Unlike many firms, we have the capacity to process e-Discovery in-house, reducing client costs.

Buchalter Nemer's commitment to reflecting and enhancing the rich diversity of the clients and communities in which we practice is more than six decades strong. The firm's diversity of attorneys and staff provides clients with a greater array of creative talent and alternative thinking, benefiting all.

Each of our attorneys is committed to providing the best possible business solutions with sensitivity to cost, to the firm's clients. That commitment has engendered ongoing client loyalty for six decades.
