

## Firm Profile

Link, Murrel & Company was established in 1986 to provide clients with a special blend of big firm expertise and small firm attention.

Our mission is a simple one: *to provide quality, professional certified public accounting services with a hands-on, personal approach that ensures proactive relationships with our clients.*

Client service teams, composed of specially trained Link, Murrel & Company professionals, provide the expertise and guidance determined by each client's specific needs, interests and business objectives. The teams' high quality accounting, tax, consultancy and auditing services, as well as our firm's state-of-the-art computerized operating systems, ensure personal attention and rapid responses to each client's needs as well as meet the needs of the company's expanding client base.
